What is KRATOM?

What We Believe

teding & Sons Mercantile, we firmly support the rights of consumers to make educated
 fs in about the products they choose to incorporate into their lifestyle. We seek to share our
 fs in an ethical, transparent manner. Nothing on this poster or any 1836 Kratom advertisement,
 age or marketing material should be interpreted as advice, medical or otherwise. Products are
 ntended to be a replacement for medical treatment and should not be treated as such.
 u have, or may have a medical condition, please consult with a licensed physician.

What Is Kratom?

um (*Mitragyna Speciosa*) is a cousin of the coffee plant, indigenous to Southeast Asia. The vast majority of kratom, in the USA, comes from Indonesia. Traditionally, fresh kratom leaves have been ed or brewed as tea. More recently, they have been dried, then crushed or powdered and often encapsulated.

Who Uses Kratom and Why

Living number of people, recently estimated at 15 million Americans, consume kratom regularly. Many fitness enthusiasts and athletes use kratom to offer a range of benefits; increased energy and focus, to relaxation and relief from discomfort. Many Americans preferred dried kratom, capsules or extract products. A serving of kratom in addition to be 30-5g of natural kratom leaf, providing around 50mg of mitragynine concentration to a spectrum herb alkaloids. Many extract products contain significantly higher alkaloid concentrations than whole leaves. Some consumers are concerned about the safety of kratom extracts. Research when considering whether or not to incorporate extract products into a routine, and which users to choose. Please read the label. At Steding & Sons Mercantile we encourage potential customers to seek advice from multiple sources and make decisions in alignment with their personal value system. We encourage responsible consumption and mindful consumption.

All kratom products may be habit forming

AMERICA'S BEST KRATOM COMPANY

Steding & Sons Mercantile is proud to present 1836 Kratom and Steding & Sons Allied Forces! We are an American Kratom Association GMP Qualified Vendor, committed to continuous improvement and innovation. We provide the finest products available, in the most ethical and transparent way possible. Myself, most of our team members and many of our family members are kratom consumers, so we demand safe products not only for our customers but for our loved ones as well. **We sell kratom because we love it and believe in it.**

Every lot of our kratom is lab tested, in Indonesia before shipping, and again by accredited 3rd parties in the USA. Lab results are shared on our website, offering peace of mind. We are proud to have played an integral role in the establishment of manufacturing and export regulations in Indonesia and believe these improvements will help facilitate the normalization of kratom in the American marketplace. We do not sell 7oh products or any products we do not feel good about consuming ourselves.

We gratefully support ongoing kratom studies at the University of Florida, contributing to the pharmacological research of Dr. Chris McCurdy and his team. We are proud to sponsor the American Kratom Association as a Consumer Champion and thankful for the strides this organization has made in protecting consumer access to kratom. We are thankful for the businesses that support our mission and the opportunity to share our abundance through recurring donations to charities we love; you may see the list on our website, and we welcome worthy suggestions!

Steding & Sons is committed to providing exceptional value, peace of mind and prosperity to the businesses we partner with. Our tiered pricing system leaves room for wonderful markups, offering our vendors maximum profitability. As kratom grows in popularity, conscientious consumers are increasingly demanding vetted vendors. Discerning spenders intentionally seek out 1836 Kratom, often using our online retailer list as a reference point.

We are an American owned business, based in Austin, TX, founded in 2017, by myself, Jeremy Steding; a husband, father, wellness enthusiast and musician. Our team is made up of kind-hearted, hard working people from all walks of life: aligned in our mission to make this world a little bit better. I am so grateful for this incredible group of people. Together, we strive to facilitate kindness, compassion, love, health, wellness and freedom. We offer an abundance of educational materials to our retailers as well as special benefits to those who opt into our "Trusted Vendor" program.

Of course, we understand that kratom may not be the right choice for everybody, so we encourage potential customers to: Research. Reflect. Decide. In addition to 1836 Kratom, we are proud to offer Steding & Sons Allied Forces - functional mushroom based (non-kratom) wellness products for active lifestyles. We are grateful for the like-minded businesses we partner with and appreciate you considering a profitable relationship with Steding & Sons Mercantile. Have a rad day!

THANK YOU SO MUCH!

WHAT IS KRATOM?

KRATOM (MITRACYNIA SPECIOSA) IS A COUSIN OF THE COFFEE PLANT. INDIGENOUS TO SOUTHEAST ASIA. THE VAST MAJORITY OF KRATOM, IN THE USA, COMES FROM INDONESIA. TRADITIONALLY, FRESH KRATOM LEAVES HAVE BEEN CHEWED OR BREWED AS TEA. MORE RECENTLY, THEY HAVE BEEN DRIED, THEN CRUSHED INTO POWDER AND OFTEN ENCAPSULATED. PRODUCTS CONTAINING KRATOM ALKALOIDS ARE BECOMING INCREASINGLY POPULAR AS WELL. THESE PRODUCTS MAY VARY SIGNIFICANTLY FROM THE NATURAL PLANT.

WHO USES KRATOM AND WHY?

A GROWING NUMBER OF PEOPLE, RECENTLY ESTIMATED AT 15 MILLION AMERICANS, CONSUME KRATOM REGULARLY. MANY FITNESS ENTHUSIASTS AND WELLNESS PROFESSIONALS BELIEVE KRATOM TO OFFER A WIDE ARRAY OF BENEFITS, FROM INCREASED ENERGY AND FOCUS, TO RELAXATION AND RELIEF FROM DISCOMFORT. SOME HAVE CLAIMED THAT KRATOM HAS BEEN BENEFICIAL AS THEY STRIVE TO DISTANCE THEMSELVES FROM CONSUMPTION OF HARMFUL SUBSTANCES. PLEASE NOTE: KRATOM IS NOT CURRENTLY FDA APPROVED.

APPROXIMATELY 50MG OF MITRACYNINE IS GENERALLY AGREED TO BE A STANDARD SERVING OF KRATOM: THIS IS THE EQUIVALENT OF 3-4 GRAMS OF NATURAL KRATOM. MANY EXTRACT PRODUCTS CONTAIN SIGNIFICANTLY HIGHER LEVELS OF MITRACYNINE AND OTHER ALKALOIDS, AND LEVELS MAY VARY SIGNIFICANTLY BETWEEN PRODUCTS. PLEASE READ THE LABEL. ALKALOID CONTENT IS LISTED ON THE PACKAGE OF ALL AKA GMP QUALIFIED PRODUCTS.

7OH IS NOT KRATOM.

7OH DOES NOT OCCUR IN THE NATURAL PLANT, AT LEAST IN TRACEABLE LEVELS. ACCORDING TO KRATOM RESEARCHERS, 7OH IS A METABOLITE OF MITRACYNINE, THE MOST PREVALENT ALKALOID IN THE KRATOM PLANT. DURING THE DRYING PROCESS A SMALL PORTION OF THE MITRACYNINE IS BELIEVED TO CONVERT TO 7OH. WHEN CONSUMING KRATOM, A PORTION OF THE MITRACYNINE MAY BE CONVERTED TO 7OH IN THE BODY. AT STEDING & SONS, WE BELIEVE THAT THE BODY HAS NATURAL DEFENSE MECHANISMS. HOWEVER DIRECTLY CONSUMING 7OH MAY MEAN OVER-RIDING THOSE DEFENSE MECHANISMS WHICH MAY POTENTIALLY LEAD TO A SIGNIFICANTLY HIGHER RISK OF ADVERSE EVENTS.

IS KRATOM SAFE?

NATURAL KRATOM HAS BEEN SAFELY USED IN SOUTHEAST ASIA FOR HUNDREDS OF YEARS AND MILLIONS OF AMERICANS ARE BELIEVED IN SOUTHEAST ASIA FOR HUNDREDS OF YEARS AND MILLIONS OF AMERICANS ARE BELIEVED TO BE USING KRATOM SAFELY TODAY. ALMOST ALL LONG TERM ANECDOTAL EVIDENCE IS BASED ON THE NATURAL KRATOM PLANT. EXTRACT PRODUCTS MAY BE SIGNIFICANTLY MORE POTENT THAN THE NATURAL PLANT. AGAIN, 7OH DOES NOT OCCUR, IN TRACEABLE LEVELS, IN THE NATURAL PLANT. WE ENCOURAGE MINDFULNESS AND MODERATION IF YOU CHOOSE TO CONSUME KRATOM. NO MATTER WHAT BRAND YOU CHOOSE, PLEASE ENSURE THEY ARE AN AKA GMP QUALIFIED VENDOR: THESE VENDORS HAVE THEIR FACILITY AND PRACTICES AUDITED ANNUALLY BY AN ACCREDITED 3RD PARTY.

IS KRATOM RIGHT FOR YOU?

THAT IS YOUR CHOICE! THERE ARE A FEW GROUPS OF PEOPLE WE DO NOT RECOMMEND KRATOM TO: FIRST AND FOREMOST, CHILDREN. OBVIOUSLY! YOU MUST BE A LEGAL ADULT (21 OR 18 DEPENDING ON THE STATE) TO PURCHASE KRATOM. PREGNANT/NURSING WOMEN ARE ADVISED AGAINST KRATOM USE. LASTLY, IF YOU HAVE STRUGGLED WITH SUBSTANCES IN THE PAST, AND ARE NOW LIVING COMPLETELY "CLEAN", WE STRONGLY RECOMMEND YOU DEEPLY RESEARCH KRATOM BEFORE MAKING A DECISION. WE ENCOURAGE ALL POTENTIAL CONSUMERS TO: RESEARCH, REFLECT, DECIDE.

WE ARE NOT DOCTORS. WE ARE NOT YOUR DOCTOR. WE ARE JUST A GROUP OF PEOPLE THAT LOVE KRATOM AND SEEK TO ETHICALLY SHARE SOMETHING WE BELIEVE IN. NOTHING ON THIS POSTER, ANY PACKAGE OR MARKETING MATERIAL IS INTENDED AS ADVICE; MEDICAL, LEGAL OR OTHERWISE. IF YOU HAVE A MEDICAL CONDITION, PLEASE CONTACT A LICENSED PHYSICIAN. THE FDA HAS NOT APPROVED THESE STATEMENTS. PRODUCTS ARE NOT INTENDED TO DIAGNOSE, TREAT, PREVENT OR CURE ANY DISEASE. PREGNANT AND NURSING WOMEN ARE ADVISED AGAINST USE.

KRATOM. KAVA. ASHWAGANDHA.

Plant Based Aloha

Lazy Luau was introduced in 2023 and has already become our best selling item! Try it, it's no wonder! People love the perfect blend of kava kava, kratom and ashwagandha for a gentle mid-day mood boost or as an alternative to a cocktail at a social event. We've listened to our customers and added clear, 1836 Kratom branding to the new boxes and display cases, and bottles will include it by mid-year.

Lizzy's Lazy Lemonade is my favorite beverage of all time! Immediately a favorite of our team, this is a refreshing natural lemonade, made with lemons, kratom extract, kava extract and ashwagandha extract, the same active ingredients as our best-selling product, Lazy Luau. This combo is believed to provide the perfect balance of well-being and relaxed focus. This may be a wonderful alternative to having a drink at a social event or simply a way to improve your afternoon. In fact, I'm having one as I create this catalog! I hope and believe you and your customers will love it as much as the team and I do!

DOING OUR PART TO

Keep Kratom Legal

WWW.FORGOTTENNOTGONE.ORG

1836 TEAM - TEXAS STATE CAPITOL

ERIK & DREW AT CAPITOL

AT THE U.S. EMBASSY - JAKARTA - 2019

TESTIMONY - TEXAS STATE CAPITOL

TESTIMONY

We are proud to contribute a significant portion of our revenue and time to kratom advocacy, including recurring donations to the American Kratom Association, acting as a Consumer Champion. We are very grateful that kratom remains legal and will continue to support efforts to ensure that it remains legal and accessible to the millions of Americans that benefit from it.

Some of the most powerful advocates are US Veterans, like Peter and Kelly Guidry, whose powerful kratom story has touched many hearts, including mine. Their motto is "Solutions Over Suffering" and their organization, Forgotten Not Gone, is on a mission to prevent veteran suicide.

We gratefully support ongoing kratom studies at the University of Florida, contributing monthly to agricultural research and the pharmacological research of Dr. Chris McCurdy and his team.

Recently, kratom was recommended for a ban, on Texas SB 1868. We are proud to have been present, testify & play our own small role in Keeping Kratom Legal. We still have a long way to go and we will stay the course.

THE GOOD DR. CHRIS MCCURDY

Doing Our Part To

ENSURE FAIR TRADE

in the kratom industry

My world perspective has never changed so much, so fast, as it did the first day I visited the Kapuas Hulu region of Indonesia in 2019. 150 miles away from the nearest semblance of what we would consider civilization, as I walked across the stilts that hold the village above the rising river tides, my consciousness was forever altered. I had never been to a place so remote, where life was so different.

The people live on very little money, and rely primarily on natural resources for sustenance. As a very rare foreigner, the incredible warmth and excitement with which I was greeted was humbling. Kratom has been so beneficial to these communities, and their gratitude is awe-inspiring. Unfortunately, some companies are seeking to increase margins by paying these farmers less and less. Ourselves and our team in Indonesia are aligned in a mission to protect them and ensure they are paid fairly.

We are proud to have acted as executive producer on the documentary, "Daun Harapan," shining a light on lives in the Kapuas Hulu and the trees' impact on our environment. Big thank you to Yohana, Sugianto and Mindaugas for their collaborating to create this beautiful work. We would be so grateful if you'd give it a look. Likes, comments and follows are cool as well!

SOURCED GLOBALLY. PROUDLY MANUFACTURED IN AUSTIN, TEXAS

Steding & Sons

MERCANTILE

EST. 2017

★ 1836
QUALITY

For generations, illustrated pigs, such as this, have suffered from incredible discrimination in the branding world. Often relegated to small town BBQ signs, we felt it was time to provide these pigs the opportunities presented to other illustrations. We hope the opportunity for this pig to prove it's capability with Big Mama's Guava Kava Kava will open the door for other illustrations in the near future.

Big Mama's

KAVA KAVA

Kava Kava is often enjoyed in Pacific

Island cultures & is becoming very popular in the US as an alternative to consuming alcohol for relaxation without the same side effects.

As kava/kratom shots become increasingly popular, there are a lot of folks just want the pure, simple relaxation of kava kava without the kratom. Big Mama's provides approximately 250mg of kavalactones per bottle. Chill.

DO WE SELL 7OH?...

Unless you've been living under a rock, if you're in this industry, you know that 7oh products have been all the rage over the course of the last year. A lot of folks have asked if we carry 7oh products or intend to, and we do not. While 7oh may be helpful for some people, our mission is to serve the long term well-being of our customers, selling only products that we feel good about consuming ourselves and we don't feel that 7oh aligns with that mission. A very large portion of our consumers are fitness and wellness enthusiasts, consuming kratom as part of an overall happy and healthy lifestyle, and we take their trust seriously.

I personally believe that it is very important that customers understand the difference between 7oh, and natural kratom. 7oh is a metabolite, converted in the body (or now a laboratory) from the mitragynine in the plant. According to recent research of Dr. Chris McCurdy, at the University of Florida, Dr. Jack Henningfield and other top level kratom researchers, 7oh does not exist in observable levels in the natural plant, so it really should not be called kratom in my opinion. Of course, I have plenty of judgement passed on myself, for selling kratom, so I don't pass judgement, it's just not the right choice for us. If it does well for you, awesome! But to answer the question. nope.

I am very proud of the variety of products we offer and sincerely hope you'll take the time to see the Trusted Vendor video, and learn a little bit about the difference between our products, and kratom in general. Even if you choose not to carry 1836 Kratom, the video may still serve you well and help you sell whichever kratom you do choose to carry! We are so grateful for y'all, thank you so much for everything!

Thank You So Much!

It's 1am on Wednesday, December 12 as I'm writing this. For the last few weeks, I haven't taken a day off, working 16-18 hour days in order to finish and make this catalog worthy of the new products our team is working so hard to prepare for you. Each piece is falling into place in perfect time, as we prepare to release our most exciting products yet. As I wrap up, my heart is overflowing with gratitude for the opportunity to share something I truly love and believe in, and to share this experience with some of the finest people in the world. I am so thankful for our Steding & Sons' team and for the wonderful customers that believe in our products and our mission. Just shy of eight years ago, my wife Tiffini and I were living in Nashville, TN, on the last legs of a 15 year, underwhelming music career. Our oldest boy, Jackson, had just turned two years old and we were in the trenches. Music had run its course, we were struggling to make ends meet. I'd discovered kratom three years earlier, at a small shop in Austin, TX and it was incredibly interesting to me. We'd moved to Nashville to pursue songwriting, and I would drive up to Franklin, KY to buy kratom when I ran out (don't tell anyone.) I was working 70 hour weeks, booking gigs, serving tables and driving Lyft just to tread water. As I'd work, I'd spend the entire day contemplating what I wanted to do with the rest of my life. One night, as I sat in quiet meditation, "kratom" popped into my head... I loved it, believed in it and saw potential beyond the marketplace of the time. I still do!

I got a PO box and storage unit, in Franklin, KY. I took some risks with the very little money that we had, experimenting with Facebook vendors, and eventually we found one that followed through. Using PicMonkey and WordSwag, I created simple packaging that I liked, printing labels on the home computer to differentiate products. In May of 2017, "Quantum Kratom" (now 1836) made the first sale and since that time, I have gratefully poured every ounce of my creative energy into the development of this company and the pursuit of this beautiful American dream. On December 20, 2017, my family and I moved back to Austin, TX and on the exact same day, Tennessee reversed the kratom ban and declared kratom legal. Life is wild!

I spent 2017-2019 covered in kratom dust, making every package, every call, every visit, every FedEx drop and every decision, good and bad. These last few weeks have reminded me of that time very much. I'm tired, but I am so, SO thankful. In 2018 I brought on my first help, and we worked out of the house and PayPal was our payroll. In 2019, we moved into the first little factory. Three people became the first official employees, and among them was Drew Shoup, who still serves as Capsule Master. I spent the subsequent years driving around in my "band van," visiting smoke shops, supplement stores and convenience stores unannounced. From time to time, it worked! I think back on Annie, from Just Like That, in Weaverville, NC and Ali, at Alien Smoke Shop, in San Antonio, buying right out of the van and 25-30 packages being the majority of my inventory! It's been an incredible journey so far and myself and the team are so very grateful for the vendors and customers that make it possible.

Sometime around 2022, I looked up and there were 20 people around me, in this beautiful factory where I'm finishing this catalog. The night shift "vampires" arrived two hours ago and are preparing us for another day of "business as usual." Another day to create and share something we believe in; 20 wonderful, hard working parents, visionaries, creators and believers aligned to create something greater than the sum of all parts.

There have been numerous challenges along the way, and 2024 was a year PACKED full of them, but I am as grateful for them as I am for the victories. As kratom becomes more popular, we strive to stay ahead of the ever-evolving challenge of ethically presenting this plant and sharing it responsibly. Consumer education has never been more important and we strive to adequately communicate the variance in potencies, and now the vast difference between 7oh and natural kratom products. It's another challenge we gratefully accept!

While kratom may not be the right choice for everyone, kratom has changed my life, so much for the better, and I am so thankful. It was the positive changes in my personal life that inspired me to start this company. I am so thankful for the numerous customers, over the years, who have taken the time to share THEIR life-changing kratom stories with me and for the powerful advocates who have had the courage to speak up in defense of kratom. This truly is an amazing plant and I am so thankful to be right here, right now. For those who have worked with us for since the beginning and those who will join us in 2025, THANK YOU. For every vendor and customer that has purchased along the way, THANK YOU. Your business provides the livelihood of some of the coolest people you could ever meet. I am so grateful for them, and we are all so grateful for you. If you are ever in Austin, we would love to have you by our factory. Thank you so much for this incredible opportunity. Have a rad day!

Jeremy Steding
